

YUVAL TZEMACH

Full Stack Developer

+972 50-713-0073 • yuvaltze2004@gmail.com • Tel Aviv, Israel • linkedin.com/in/yuval-tzemach

SUMMARY

Full Stack Developer with 3 years of experience specializing in modern frontend architectures (React, TypeScript) backed by robust backend capabilities. Highly skilled in crafting intuitive, high-performance user interfaces and managing complex state, supported by a solid foundation in building RESTful APIs and data services with Node.js and MongoDB.

EXPERIENCE

8200 Intelligence Unit Ramat Hasharon, Israel | Jun 2023 - Present

Full Stack Developer (Jun 2023 – Present)

- Enhanced application speed and user experience by implementing modern React practices, robust state management (Redux/TanStack Query), and streamlined Tailwind CSS assets.
- Designed and deployed secure REST APIs and microservices using Node.js and Express ensuring highly reliable data flow for complex web applications.
- Developed RESTful APIs using Node.js and Express to manage seamless data processing, storage, and retrieval, ensuring secure and reliable communication between MongoDB databases and the React frontend.
- Managed the full development lifecycle in an Agile (Scrum) environment, utilizing Jira for sprint tracking and consistently driving on-time deployments.
- Translated complex system requirements into intuitive, data-heavy user interfaces that improved operational workflow and user engagement.

Course Commander – "Omega" Training Program (Interim Rotation: May 2025 – Oct 2025)

- Led and mentored a group of trainees through an intensive professional software course, focusing on development, DevOps, automation and SRE.
- Commanded technical training sessions, providing guidance on coding standards and system architecture.
- Evaluated trainee performance and adjusted curriculum delivery to meet unit-specific professional standards.

EDUCATION

Computer Science Technician | ORT Hermelin, Netanya, Israel Graduated May 2023

SKILLS

Languages	TypeScript, JavaScript, Python, HTML, CSS, Java, C#
Frontend	React, Redux, TanStack Query (React Query), Tailwind CSS
Backend & Databases	Node.js, Express, MongoDB, REST APIs, Object-Oriented Programming
AI Tools	Claude Code, Cursor AI
Tools & Workflow	Git, Jira, Vite, Postman, Agile/Scrum
Design Tools	Figma, Adobe XD

LANGUAGES

Hebrew: Native **English:** Professional Proficiency
